

# KICKING GOALS *For* BRAIN CANCER

*Round 12*

*24 July*

## Let's give brain cancer the kick!

During the 'Kicking Goals for Brain Cancer' Round we are encouraging parents, teams and club supporters to add our awesome limited edition footy socks to their team's strip, to support paediatric brain cancer research.

All funds raised will be donated to the Robert Connor Dawes (RCD) Foundation, created in memory of Connor Dawes who passed away from brain cancer at age 18. Since its inception in 2013, the RCD Foundation has become Australia's largest charity focused on paediatric brain cancer - the #1 disease killer of young people.

Help us make brains matter by purchasing the limited edition socks online from RCD Foundation or your club, or making a donation via the QR code below.

Add Round 12 (24 July, 2022) to your calendar and play hard with the RCD Foundation to help send paediatric brain cancer the way of the dinosaurs!
